Dear Parents and Students,

Welcome to Talent 100.

From someone who so clearly remembers the gruelling years of HSC study, I want to extend a message to students going through it.

The final years of high school can be tough. The HSC is super-competitive. To succeed, you have to strike a fine balance between studying hard and spending time doing the things you like; between enjoying the moment and sacrificing for a better future.

At Talent 100 we've done a large part of the ground work for you. All you need to do is turn up, commit to our process, do the work and be guided by the best, people who know what it takes to achieve your desired results because they've done it themselves. I personally designed the Talent 100 course program based on my unique understanding of scaling, subject selection and insight on what it takes to ace your exams. I've enjoyed sharing my secrets to achieving a perfect score with thousands of students over the past 6 years with incredible results.

Our new Talent 100 learning centres have been designed to provide a third place between school and home where studying can be enjoyed, and where learning can be fun. It's also a safe place to connect with like minded peers outside of school who share similar dreams and aspirations.

I hope you'll take the time to pay us a visit!

Ultimately, there are more important things in life than exams. But, ironically, you might just need to do well in your exams in order to get there: At Talent 100, we understand the importance of scoring top ATARs. That's why we've developed excellent, personalised and results-focused courses to ensure your HSC Success.

It's not about being the smartest kid in the room, but understanding how the system works and working it to your personal advantage.

If you have your mind set on a particular degree, or are looking to achieve top results and are willing to work hard, we have a system that can develop your full potential. You'll become part of a learning community that will support and guide you every step of the way.

**We're the leaders in HSC Learning.
We'd love to help you make your talent count.**

Sincerely,
Richard Chua

OUR PHILOSOPHY

WE WANT TO MAKE YOUR TALENT COUNT

Talent 100 is famous for delivering exceptional HSC results, course notes and online resources. It's the essence of what we do but it hardly tells the whole story.

Our learning centres have become the third place between home and school. Why do students choose Talent 100? Because they know they can count on the support of their Mentors, inspiration from the high calibre of their fellow students, and a solid plan to help them achieve their goals.

We believe that learning should be inspiring, productive and most of all, fun. We believe our students have the potential to positively influence the world.

OUR LEARNING CENTRES

With our vibrant rooms and wall graphics of history's great thought leaders, Talent 100's unique space creates a learning experience like no other.

William

- + Award winning customer experience design agency e2 were commissioned to create the new look and feel that sets us apart from any other college on the market.
- + A third place between home and school, where students feel relaxed & motivated to achieve their goals, amongst peers in a safe and inspirational learning environment.
- + Book your own space to study in a peaceful productive atmosphere.
- + Be inspired by world class thought leaders.
- + Be part of a dynamic learning community.
- + Success breeds success: surround yourself with the smartest students and stretch each other to achieve more.

OUR RESULTS

Talent 100 tops the HSC. Again.

+ 30% over 99 ATAR + 63% over 96 ATAR

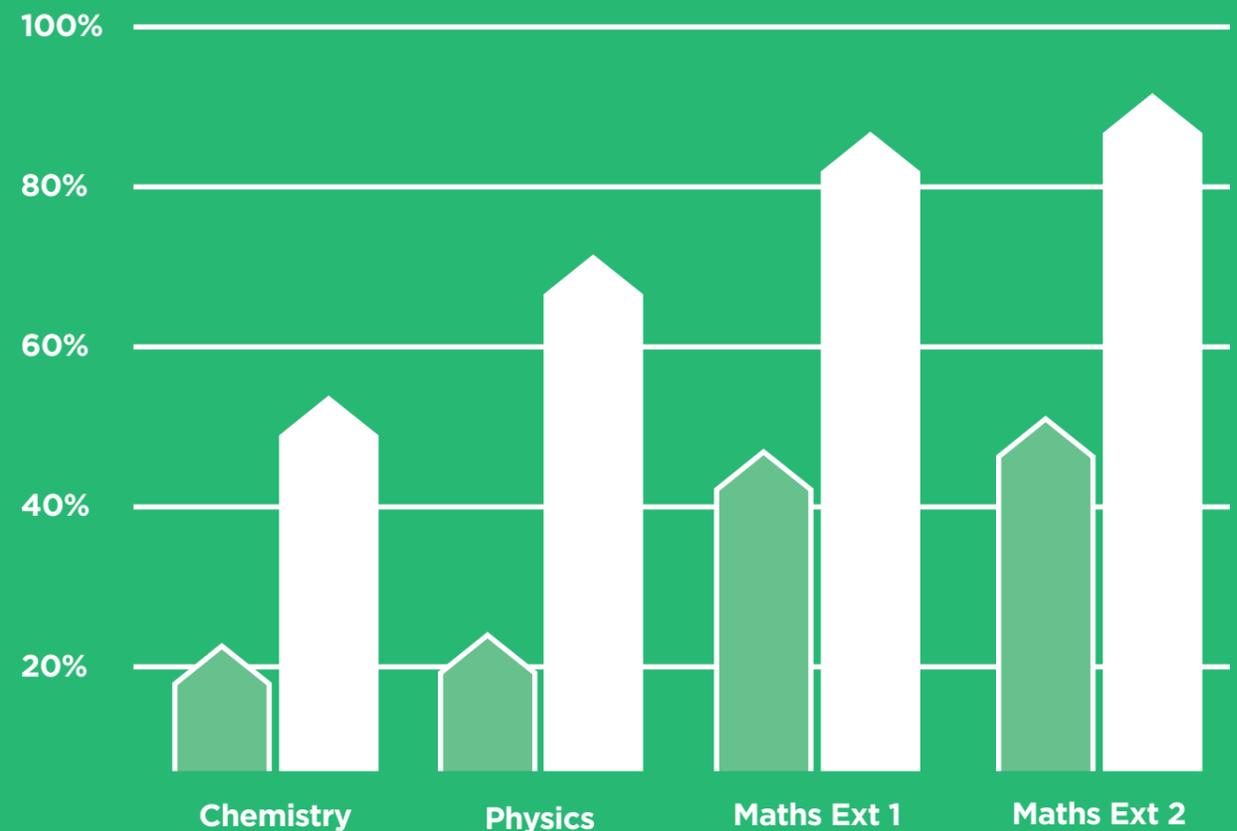

At Talent 100 we help you achieve such exceptional results, it's almost unfair.

Numbers don't lie.

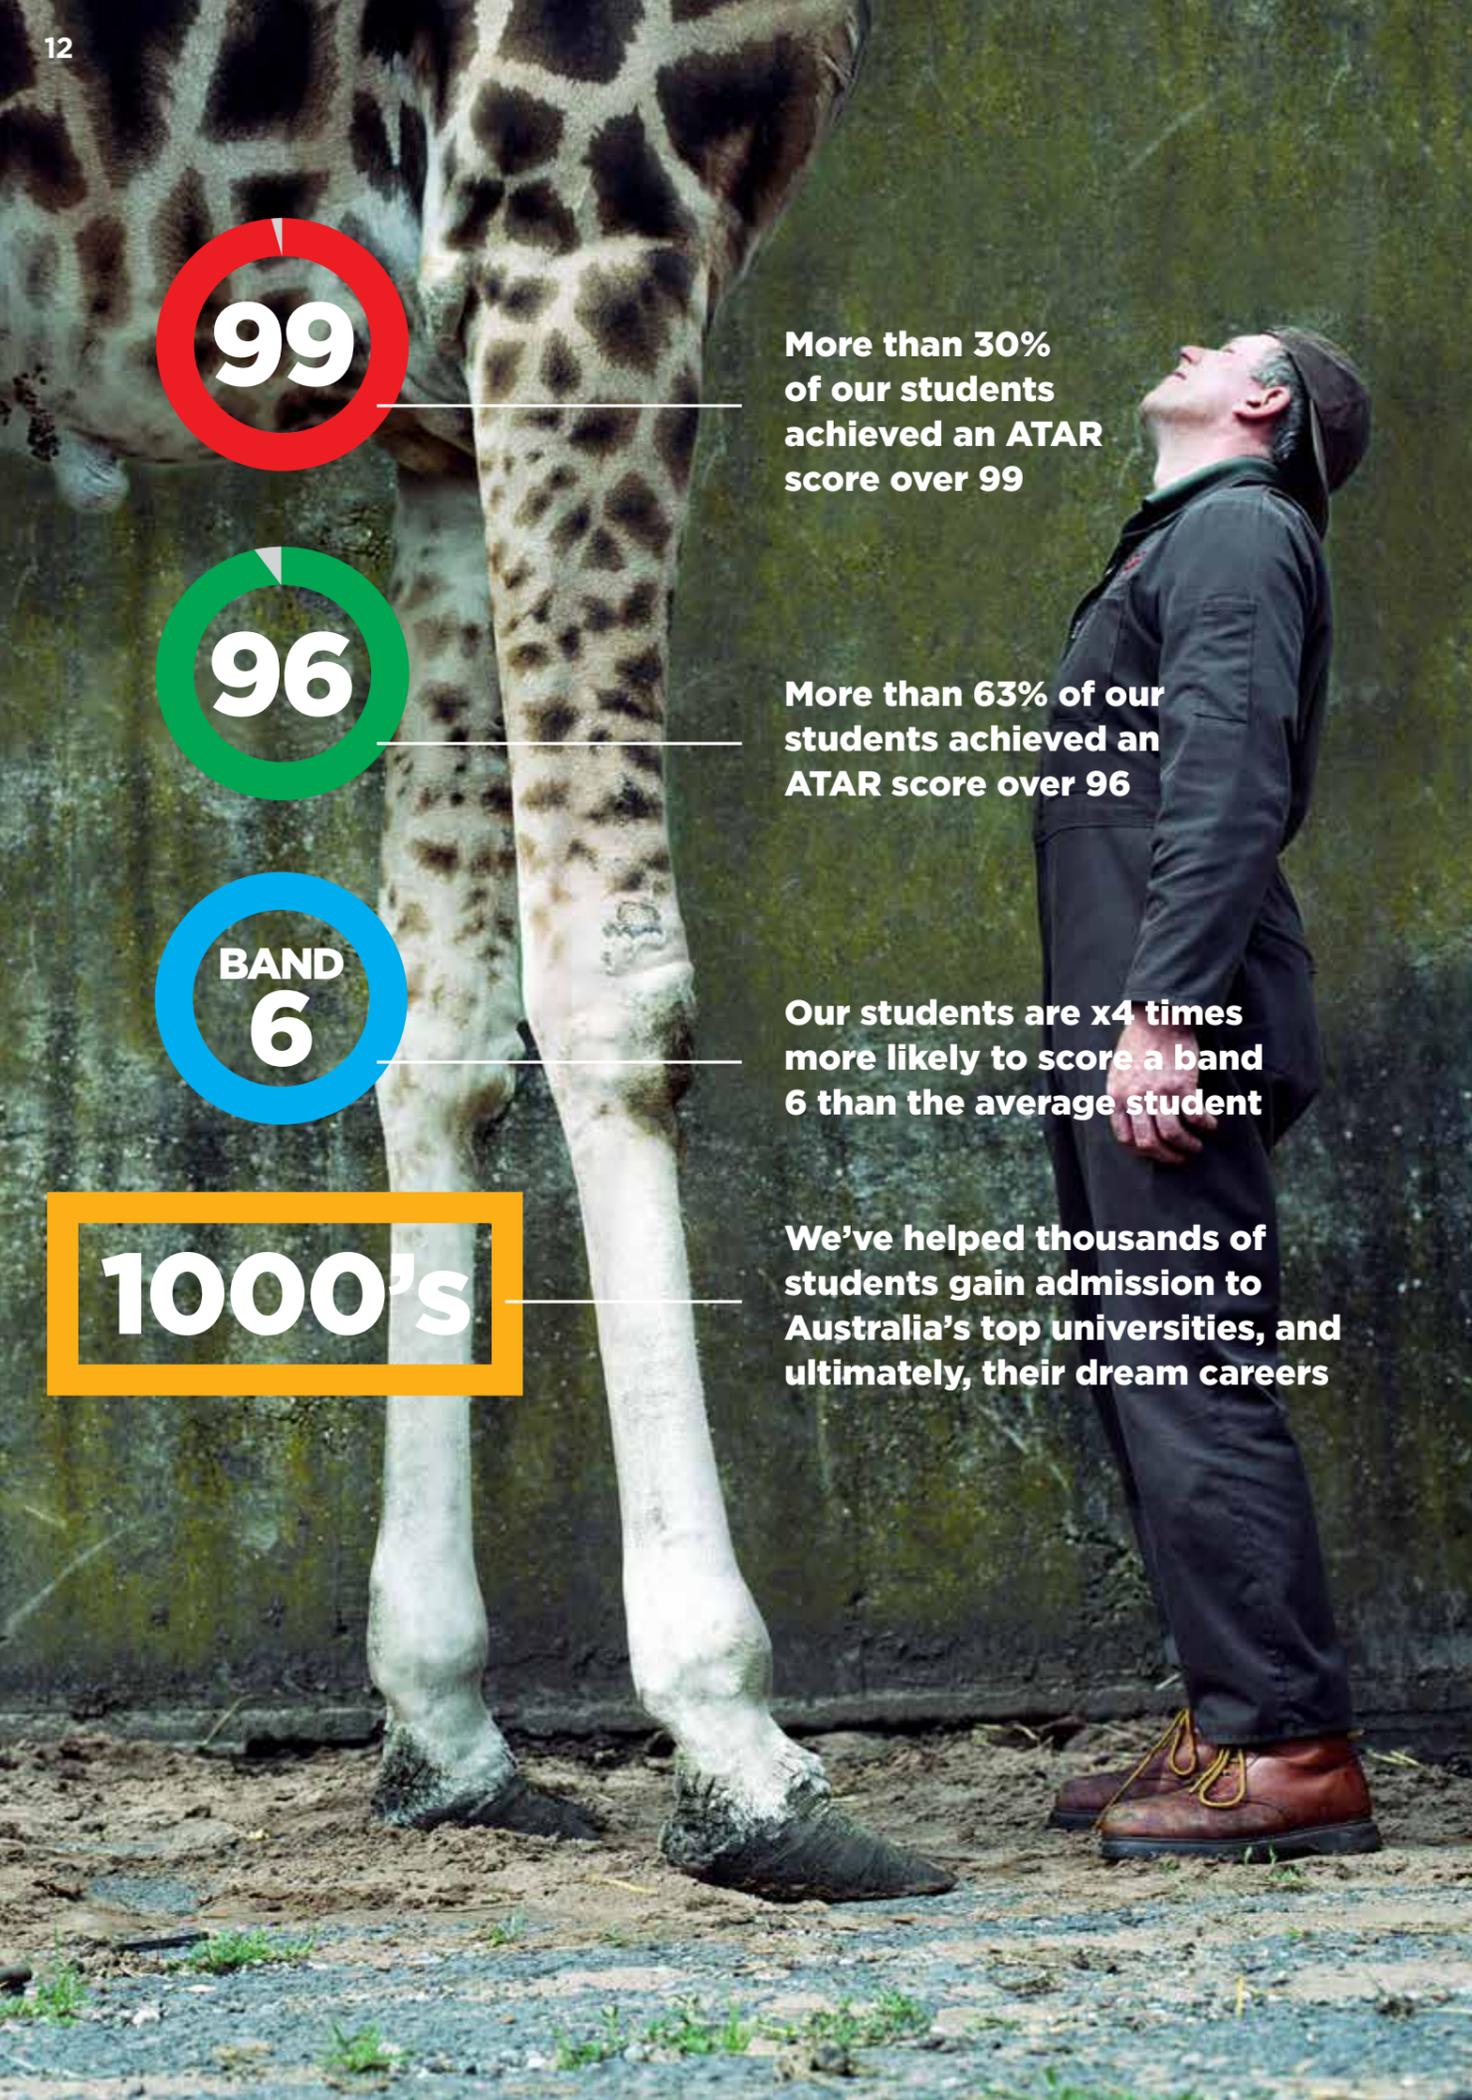

We've helped thousands of students get into Australia's top universities, and ultimately, their dream careers.

Our personalised and results focused programs consistently help our students gain the very best ATARs.

With the average Talent 100 student scoring Band 6s in Mathematics, Physics and Chemistry, our students are four times more likely to score in the Band 6 than the average NSW student.

Hello, and a warm welcome from all our Mentors and Tutors.

I'm proud and excited to be Head Mentor at Talent 100 as it grows from an already great learning centre into a genuine leader of teaching and learning.

Our goal for students has always been top results, and we have the commitment and imagination to know that the best results are achieved when students feel supported and inspired.

Our brilliant teaching staff are not only outstanding high achievers - they're passionate educators who know first-hand that true academic success comes from working positively under the guidance of mentors who help you achieve your personal goals.

Talent 100's approach to teaching is unique and proven.

We believe getting top marks is a direct product of two essential skills: strong conceptual understanding and excellent exam technique.

Our courses develop these through a system of interactive classes, personalised tutorials and exam-relevant homework. Small class sizes, ample lesson length, targeted content and the high motivation level of our students make this system outstandingly effective, with 30% of graduates scoring over 99 and 63% scoring over 96 in their HSC.

Students in all years at Talent 100 know they benefit from the kind of positive, expert and personalised guidance that they simply can't get from school or private study.

This unique experience of learning is what we're so proud to offer.

OUR MENTORS

We know exactly what it takes to top the HSC, and we can help you do it too.

To say that we have the best teachers is a given.

Our founder, Richard Chua, personally interviews and selects each Talent Mentor, along with our Academic Head Mentor, Dr. Tim Hanna.

Most Talent 100 Mentors have achieved ATARs above 99.85 and many of them have also achieved state rankings in the subject of their expertise.

We handpick our Mentors based on their marks, knowledge of the syllabus and teaching effectiveness.

Not only do our Mentors know their stuff, they also know exactly what you're going through. Attitude, mentorship and leadership skills play a huge role in our teaching programs too.

HSC preparation can be stressful. Our Mentors will guide you through gruelling exam preparation in the smartest and most efficient way possible.

It's how we help make your talent count!

Talent 100 has built the reputation for delivering the best mentors, the best course content and outstanding results. We represent the support, mentorship and home-away-from-home for students to master their studies. We open doors to dream careers. Most importantly we recognise that it is our people that make the difference.

WHY START NOW?

Hey! Pay attention for a moment...

Yeah, we know that people are always telling you to pay attention, but trust us, you'll be glad you tuned in this time. We want to know - how will you make your talent count?

You're only four years away from finishing school. That might seem like an eternity... but in four short years you'll be heading out into the big wide world on your own. Although it might not feel like it, what you do between now and the HSC will have a big impact on the rest of your life.

You probably think there's no need to study, because what you're learning now can't possibly be relevant to the HSC.

The fact is, the work you do will have a huge payoff in your senior years of school. A solid foundation in Maths and English is the cornerstone to succeeding in the HSC's highest scaling subjects. And succeeding in the HSC means you get to pick what you do with your one precious life.

Woody Allen once said that 80 per cent of success is showing up. Show up now and success in Year 12 will be just that little more comfortable, conceivable, achievable.

PATH TO HSC SUCCESS

THE YEAR 9 COURSE OFFERING

So you are in Year 9, thinking there is no need to study this year. Since the HSC is three years away, whatever you study now can't be possibly relevant, or improve your final HSC marks...or so the thinking goes.

In fact, there are some small steps you take now that will give you a successful and easy transition into Year 11. A solid foundation in Mathematics and English is the cornerstone to succeeding in the HSC's highest scaling subjects.

Steps Program

Take your first steps towards HSC Success.

Build the foundation for success by kick-starting your HSC learning journey with the Talent 100 Steps Program especially designed to provide early and solid preparation for Year 9 and 10 to deliver outstanding results in Year 11 and 12.

MATHS

Action in year 9 & 10.

The philosophy behind Steps.

1 Subject Selection and Understanding Scaling – Scaling is a process of standardising marks so that they can be compared across different subjects. Without scaling, it would be impossible to know whether a 90 in 4 Unit Maths is better than a 90 in English. In laymen’s terms, scaling marks is like converting them into a ‘Universal Currency’ so that marks in different subjects can be compared. To draw an analogy, when tourists from the US, China and Europe come to Australia, we must convert all their currencies into a single Australian Dollar.

It is important to understand scaling so you can get a measure of how your marks in different subjects will contribute to your overall ATAR.

Understanding scaling helps you organise your studies in an efficient and results-focused manner. Study smarter, not harder!

Our **Free Secrets of the HSC Seminar** explains scaling and how you can use it to maximise your ATAR. The seminar will teach you how to breakdown any ATAR goal into subject specific benchmark (i.e. - what you need to score in each subject to get your target ATAR). This allows you to make informed decisions about **subject selection** (read our **free HSC Study Guide** article on scaling for more information)

2 Develop a strong foundation in Mathematics and English so that you will excel in the HSC’s highest scaling subjects in your later years.

ATAR targeting and the impact of scaling

Before you select your final subjects ensure you understand the impact of scaling. Did you know that being average in a higher scaling subject will have a more positive impact on your final ATAR than being in the top 90% of a standard subject? **Book a personal consultation with an HSC Consultant if you need advice and before you make your final decision.**

Selecting the right subjects

Subject selection advice can be subjective.

- + Know the impact of your final subject selection on your desired ATAR
- + Pressure test selection against the University admission score you need
- + Don't just choose the subjects you are already good at. English is the only compulsory subject in the HSC. Don't overlook its importance. We have the best HSC Advanced English course in NSW written by PHD Academics.

How does the course program work?

Talent 100 is open 7 days a week all year.

- + Talent 100 course programs are taught over 40 weeks a year in 10 week terms
- + Taught in small personalised classrooms by top state ranking Mentors
- + Talent is the only HSC Tutoring College that provides homework in exam style format that is marked with feedback weekly and uploaded online
- + Learn a term ahead with our **Fast Forward School Holiday Program**
- + Revise the terms content with our **Marks Maximiser School Holiday Program**
- + Prepare for exams with our **Exam Excellence HSC Preparation Program**

Academic management

Talent 100 has an Academic Team second to none.

PHILOSOPHY

WE'RE THE LEADERS IN HSC LEARNING.

That means investing in the top state ranking teachers, mentors, academics and tutors.

It means creating and curating the best notes, resources and online support to ensure our students have access to the very best, with the opportunity to achieve real results, at home and in the centre when studying with us.

We are uncompromising when it comes to the quality of our course programs, our Mentors, facilities and our people. We measure and track performance of not only our students but our people, because it's our people who make your child's talent count.

We believe our outstanding success and proven results in the past demonstrate a unique formula and approach that delivers.

At the same time, we recognise that it's a significant investment for most families, and **we take that responsibility seriously.**

We understand the importance of providing pricing and payment options that make learning affordable and manageable within your budget.

We've listened to our customers and **created 2 simple pricing options** designed to give you choice and options to suit to your child's personal learning needs and requirements.

At Talent 100 it is our goal to simplify your path to HSC Success.

We want to make your child's talent count.

It's our promise to you.

SUBJECT SELECTION

- Students may enrol in any class on either the weekend or weekday
- Subject selection is up to the discretion of class availability in each centre and Mentor availability.
- Students have unlimited subject additions throughout the year.

ACCELERATED CLASSES

- If a student wishes to accelerate any subjects, they will first need to be assessed. Once approved the student will be charged the same Termly rate for the higher year level or stream as set out in that year levels and subject enrolment and pricing guide.

TUTORIALS DEFINITION

- Please note that "Maths and Science" subjects/tutorials in Year 11 & 12 are defined as Maths Ext 2, Maths Ext 1, Maths Advanced, Physics, Chemistry, Biology.

TUTORIAL SELECTION

- Students have access to a specific number of tutorials outlined in our enrolment and pricing guide depending on year level and subject selection. Please familiarise with this.
- Tutorial bookings are up to the discretion of class availability in each centre and Mentor availability and can be booked online via my-mentor.com.au.

HOLIDAY PROGRAM SELECTION

- Termly students must pay for School Holiday Programs in addition to Termly enrolment. They are not included in the Termly course program fees.

- Students can attend both the Termly course program and the Holiday Program if they desire.
- Holiday program enrolment and selection is dependent on class availability in each centre and Mentor availability.
- If a student does not attend a booked Fast Forward or MMP (Holiday Program) class, they will not be refunded any payments made for that Holiday Program unless they have provided sufficient notice in advance (14 working days) in writing advising of extra ordinary circumstances.

my-mentor.com.au - ADVANCED ONLINE ACCESS

- Students have access to Talent 100 Advanced Online Learning Resources my-mentor.com.au for the specific subjects that have been selected and paid for within their Termly Enrolment.
- All online materials are read only and cannot be printed out from my-mentor.com.au
- Access privileges for my.mentor.com.au will cease when enrolment ceases.

HOMEWORK AND EXAM COMPLETION

- Talent 100's requires students to complete exam style homework weekly for submission. Homework has been specially designed to help students familiarise themselves with the theory learnt weekly in exam format conditions.
- Students are required to complete and submit all homework weekly. Homework submission will be monitored by Talent Mentors and the Talent 100 Academic Management Team and uploaded onto my-mentor.com.au for both parents and students to review, measure and manage progress.

EXTERNAL EXAMINATION RESULTS

- Talent 100 requests that its students provide school exam results, HSC results, photographs and ATAR by phone or email when requested from either a HSC Consultant or Academic team member.
- Talent 100 reserves the right to advertise names, results and photographs for promotional purposes, but will remove them at the request of the student, parent or guardian.

TERMINATION OF ENROLMENT (FOR TERMLY STUDENTS)

- Students enrolled on a termly basis who have entered into a Direct Debit Arrangement with Talent 100 (Weekly, Monthly or Termly) who wish to cancel their enrolment and associated direct debit authorisation with Talent 100, **must notify Talent 100 in writing at least 14 days prior to the date of the next planned direct debit transaction authority.** Without this written notification, Talent 100 will continue the direct debit as per the signed authority and agreement. **Written notification must be sent to accounts@talent-100.com.au.**

PAYMENT/REFUND POLICY

STRICTLY NO REFUNDS

- The term will not be refunded under any circumstances.
- Direct Debits can be stopped at any time, providing Talent 100 is provided written advice by email to accounts@talent-100.com.au with 14 working days advance of the following term.

- A non refundable fee of **\$55.00 (inc GST)** enrolment fee will be charged once only for new students on enrolment to enable and set up access privileges and IT support for Talent 100's advanced online resources my-mentor.com.au.

NEW STATE OF THE ART LEARNING CENTRE OPENING IN 2015 IN CHATSWOOD.

In 2015, Talent 100 will open the largest tutoring college in the
Australasia and the southern hemisphere.

Inspired by his time working for Google in Mountain View, Richard Chua (Founder of Talent 100) will bring the very best of what he loved about working for Google in New York, San Francisco and the Silicon Valley home to Sydney, Australia in 2015. Building on the successful third place concept and state of the art learning centre launched in Hurstville in 2013, Richard will open a new 21st century state-of-the-art learning centre in Chatswood that will further define Talent 100 as the leader in HSC learning.
